

WE HAVE 3 GOALS,
ONE OUR PRIORITIES IS HELPING FIGHT HUNGER
IN ASIA AND AFRICA

LAOS

DISTRIBUTION IN SCHOOLS

Since 2018, we distribute with our volunteers' milk and fruits to schools located in the north area of Vientiane province.

We work with the partnership of the local mayors and directors of schools.

MADAGASCAR

DISTRIBUTION OF BREAD

In 2022, for our first mission in Madagascar, we had a distribution of bread to 10 villages of Soanierana district, in the south east part of the island.

More than 3000 families were offered bread.

LAOS

DISTRIBUTION OF RICE

This year, we had distributions of rice to 3 villages located in Pakse area, in the south of the countries.

With an inflation close to 30%, families can't afford to buy or grow rice anymore.

HUNGER IN THE WORLD

The number of chronically undernourished people has hit 815 million last year, approximately 11% of the global population.

Conflict and climate changes continue to contribute to and increase food insecurity and hunger.

"You too can make a difference"
